

While on the company premises, we request that you comply with the following **safety instructions** with your own safety and health in mind:

Admission or extended presence on-site

-  All persons enter the company premises at their own risk.
-  Entrance to the storage and production halls is only permitted by special request.
-  Drivers must remain with their vehicle at all times.
-  Access to the storage and production areas is prohibited.
-  Instructions issued by our company personnel must be obeyed without fail.
-  Drive at slow rate.
-  Extended presence on site is only allowed in the loading area (traffic lane).

Traffic

-  The Road Traffic Regulations (StVO) apply throughout the entire company site.
-  Factory traffic has priority.
-  Vehicles may only be parked in marked car parks.
-  Parking of trucks is prohibited in Alfred-Wagner-Straße and the surrounding area.
-  Engines must be switched off immediately on entering the halls.
-  Standing under crane loads is strictly prohibited.
-  Traffic and escape routes must remain unhindered, likewise access for emergency vehicles.
-  After loading or unloading, the company premises must be vacated immediately. It is prohibited to remain overnight on our company premises.

Cleanliness and order

-  Smoking is strictly prohibited within the halls.
-  Waste must be discarded in the containers provided for that purpose. Always sort waste properly!

Miscellaneous

-  Photography and filming is prohibited throughout the factory. This also applies to pictures taken by phone!
-  Hearing/eye protection must be worn in the designated areas.

Load safety

-  Solely the driver is responsible for securing the load.

Layout plan

- 1 Entrance/exit
- 2 Meeting place
- 3 Storage office-registration
- 4 Truck reversal point
- 5 Truck waiting area
- 6 Delivery of sheet metal
